Office 365 A1	Microsoft 365 A3	Microsoft 365 A5
A simple, and free option for students and educators at eligible institutions.		
The right solution for institutions that need all of the Microsoft 365 A1 features, plus desktop apps, advanced security, and analytics.		
The most comprehensive plan that features everything A3 offers, plus streamlined licensing, security, and management tools.		
Familiar productivity tools including Word, PowerPoint, and Excel along with education-specific versions of Teams and unique offerings like Minecraft Education are tools that educators can use to improve their instructional practices and enhance communication, collaboration, and creativity in the classroom.
